

**Golant Summer Produce & Craft Show**  
**Parish Report 2022**

It has been a great disappointment to the Show Committee that we had to cancel the last 2 years Shows due to COVID. It was just not viable to run it with the restrictions and the limitation on numbers in a building the size of the Village Hall. We did investigate the possibility of using a marquee outside and the conclusion was that because the weather was so unpredictable, the craft entries in particular could get damaged plus we set up the hall 2 days before so security could be an issue.

We did do a virtual Show in 2000 but again there were limitations. **However.** This year we are really hoping that this years Show on **Saturday July 30th at 2pm** will take place and that all the new hobbies that people have taken up, including gardening will produce the **Best Show Ever**
