NOTES:-

The asset valuation was recorded in the authority's minutes with approval at St Sampson Parish Council meeting, held in September 2025.

Where an authority receives an asset as a gift at zero cost, for example by community asset transfer, it should be included with a nominal one-pound (£1) value as a proxy for the zero cost.

Assets that do not have a functional purpose or any intrinsic resale value (for example, a war memorial) are often referred to as 'community funded'

Authorities should record community assets in the asset register in the same way as gifted assets.

All listed previously as Historical Proxy at £20,000.00. Land registry document states £10,000
